Stratton Promises Area Educators School Claims Will be Guaranteed

Delegation's Meeting with Governor Is Arranged by District Legislators

Southeastern Illinois educators, spearheaded by the Saline County Education association, obtained promises from Gov. William G. Stratton last week that school claims to the state will be guaranteed.

Gov. Stratton told a delegation consisting of a score of educators, that if \$225,000,000 in his budget is not sufficient to pay all common school claims, that the difference will be made up by a deficiency appropriation by legislative action in 1959.

The delegation, of which Russell Malan, chairman of the Legislative committee of the Saline County Education association, was spokesman, appeared before the governor in the interest of school legislation, particularly the equalization figure as proposed by the budget.

To Maintain Figure

In presenting his views on the budget which calls for a \$225,000,000 appropriation for the common school fund to provide an equalization figure of \$200 per child, the

John 'Bumper' Reynolds Suffers Leg Injury When Struck by Auto

John "Bumper" Reynolds of this city was taken to Harrisburg hospital at 12:10 p. m. today suffering a leg injury received when hit by an auto uptown.

His daughter, Mrs. Leslie Biggs, said it was believed he suffered a chipped bone in the leg. She said he was crossing Poplar street from the Dotty Shop corner to the court house and that the auto was driven by a Hale youth who resides on Harrisburg Route 3.

Senate Approves Speed Bill

House Defeats Attempt to Add \$50 Million to School Measure

SPRINGFIELD, Mo.—The Illinois Senate today approved with little debate a conference committee's overhauling of the administration's speed limit bill, which would set 65 mile limits, day and night, on Illinois highways.

The vote was 46-0. The House has not yet taken action on the conference committee agreement, which must be approved by both the House and Senate before the measure can be sent to the governor for signature.

At the same time the House narrowly defeated, 83-80, a Democratic attempt to add 50 million dollars to Gov. William G. Stratton's 227-million-dollar appropriation bill for state school aid.

The amendment to add the 50 million dollars for school aid was introduced by Rep. Kenneth E. Wendt (D-Chicago) who said it would be sufficient to raise the state aid level from \$200 per pupil per year to \$210.

Increase School Aid
The Republican chairman of the School Problems Commission, Rep. Charles W. Clabaugh (R-Champaign) opposed the amendment, but conceded that he believed the Stratton school budget would fall about 15 million dollars short of meeting school needs.

Clabaugh predicted that the next

governor promised to maintain this figure, declaring if the \$225,000,000 is not enough, any deficit incurred by the state would be made up by the deficiency appropriation.

Stratton said he felt the state should hold the line on state expenditures at this time.

That means, the legislators explained, the state will pay 100 per cent of its claims, which are based on average daily attendance of students enrolled in common schools. Sometimes in the past the state has taken money available and divided it proportionately, which meant that districts got only a percentage of its claims.

The \$200 equalization figure, they also explained, means that the state will pay to the districts the difference between what can be raised locally and the \$200 figure, per child.

Cordially Received

County School Superintendent C. R. Gardner pointed out that Saline county claims amount to more than a half million dollars a year, and if claims were to be reduced 18 per cent, as local educators had understood might be the case next year, the county would lose at least \$100,000 in state money, so badly needed to operate the schools.

In looking forward to the 1959 session of the legislature, Gov. Stratton estimated that school people could expect a 10 per cent increase in the appropriation for the common school fund, which would amount to an equalization figure of about \$220.

The group emphasized it was very cordially received by the governor, who had a deep knowledge

Mrs. Geo. Boatright, Former Resident, Dies in Michigan

Mrs. Mae Boatright, 76, widow of the late George Boatright, died Sunday at 8 a. m. at General Hospital in Pontiac, Mich., where she had been a patient for the past four weeks. She was the mother of Mrs. Herman (Cora) Schwartz of Harrisburg.

Mrs. Boatright, a former resident of Harrisburg, had resided in Pontiac for the past 32 years. She was the daughter of Mr. and Mrs. Dave Hampton and was born in Carrier Mills. She was preceded in death by her husband on May 17, 1930. Mrs. Boatright was a faithful member of the First Congregational church of Pontiac.

Besides Mrs. Schwartz, Mrs. Boatright is survived by the following children all of Michigan, but all of them are well known in Harrisburg:

Raymond Boatright, Mrs. Iva Ellis, Mrs. Lois Eaton, Hansel Boatright and George Boatright Jr. She is also survived by 10 grandchildren and 11 great-grandchildren.

The body is being returned to Harrisburg where it will be received by the Gaskins funeral home. Time of arrival is not known and funeral arrangements will be announced later.

William Sutton, 68, Formerly of Eldorado, Dies at Griffith, Ind.

William (Bill) Sutton, 68, former Eldorado resident and a retired salesman of Griffith, Ind., died Sunday at 12:15 p. m. at the Baptist hospital in Evansville, Ind.

He is survived by his wife, Mary, and the following children: V. O. Sutton, Alton, Vester Sutton, Eldorado, Mrs. Vivian Council, Chicago, and Mrs. Virginia DeVille of Eldorado. He also is survived by nine grandchildren and one great-grandchild.

Funeral services will be held Tuesday at 1 p. m. daylight saving time (12 central standard time) at New Harmony, Ind. The body then will be brought to Wesley cemetery east of Eldorado for graveside services and burial. The casket will be opened at the cemetery.

11 Killed in Illinois' Worst Traffic Accident in History

Rites Near Eddyville Sunday for T. S. Mitchell, Retired School Teacher

Funeral services were held Sunday at New Liberty church south of Eddyville for Thomas S. Mitchell, 70, retired Pope county teacher, who died Friday at the Massac Memorial hospital. Mr. Mitchell became ill and drove his car to the hospital. A heart ailment caused his death, which was very unexpected.

He and his wife, Melissa, resided at Brownfield, and both had taught in rural schools of Pope county for many years.

Rites of the Masonic order and the V. F. W. were held and the Rev. Ivan Christoff conducted the funeral service.

Pumps Continue Removing Water

LeRoy Barham Home Damaged Severely by Storm

Pumps today continued to pump water from inside the flood wall at the Pankey Branch station east of town but the pumps at the north station were stopped yesterday. Amos Doom, superintendent of the water and sewer department, stated.

The north station pumps were halted when the water was pumped down but he said they probably will be turned on again later today to pump out accumulated water.

He said work of pumping water out of the sewage plant, which was flooded, will start today. Workmen got out the motors in a hurry when flooding appeared inevitable.

Doom said that the flooding of the sewage plant will not affect the public in any way as the plant can be by-passed.

Traffic on Route 13 near Equality was halted Saturday night and Sunday because water was over the road at the North Fork bridge and there was no late report on whether or not it had been opened.

Biggest single damage in the Harrisburg area due to the Tuesday night storm probably was at the LeRoy Barham country home west of the fairgrounds, where the loss will run into thousands of dollars.

The storm apparently blew hardest in the Dorris Heights area judging from tree damage and the brunt apparently hit the hill upon which the Barham and the W. C. Kane homes are situated.

A huge chimney on the Barham home was blown over and a ton of bricks went through the roof into the living room. As a result the torrents that fell flooded the house, causing great damage throughout the structure.

Six big trees were uprooted on the grounds and trees also were blown over at the adjacent Kane property, where there also was roof damage.

Commencement At Raleigh Grade School Tuesday

The Raleigh grade school commencement exercises will be held on Tuesday evening, May 28th, beginning at 7:30 it has been announced by the school principal, Cecil Fulkerson.

C. Raymond Gardner, county superintendent of schools, will be the guest speaker and the eighth grade chorus will sing "Graduation Day."

Faye Tisen is the valedictorian and Jerry Wesley is the salutatorian and they will each deliver orations.

Grover Arndt, president of the board of education, will present diplomas to the twenty-two eighth graders: Pamela Jamerson, Hazel Stone, Faye Tison, Janet Ghoson, Judy Reid, Sharon Coffee, Brenda Rhine, Donald Arlack, Charles Miller, Kenneth Koker, Jerry Wesley, Ralph Gass, Dwain Rogers, Susan Sursa, Gail Blanchard, Anita Flannell, Irene Miller, James Sursa, Thomas Cowsett, Larry Buchanan, Fred Crayne and Jerry Woolard.

The last day of school will be Monday, June 3rd, and picnics are being planned for the closing of school.

Floods Force 6,000 from Homes in Texas

By United Press

A week-long siege of violent weather relented in the Southwest today, but flood waters and the threat of floods continued to plague three states.

The raging Trinity River, which forced some 6,000 persons from their homes at Dallas and Fort Worth during the weekend, receded today. For many of the evacuees, it was the third time they've had to flee their homes in a month.

About 2,100 persons had to leave their homes in Dallas and about 4,000 were forced to flee in Fort Worth.

Weathermen predicted more showers and thunderstorms in Texas today, posing a threat of serious flooding in west Texas.

The Arkansas River near Dardanelle, Ark., threatened to spill over levees and inundate about 20,000 acres of farm land and 200 homes. About 150 National Guardsmen and volunteers fought to strengthen the levees and prevent a break through.

At Durant, Okla., heavy rains draining into giant Lake Texoma on the Oklahoma-Texas border threatened to send the lake spilling into rich farm sections of Texas, Oklahoma and Arkansas.

Army engineers said the lake, one of the largest man-made lakes in the world, has risen more than 37 feet since March 1 and has expanded from 81,000 acres to 135,000 acres.

Elsewhere, a blast of cold air overpassed the eastern Dakotas and the Great Lakes, and pushed south to eastern Texas and the Gulf Coast states. Temperatures dropped from 12 to 19 degrees in the entire area, ranging from near 40 during the night in the far north to the 70s in the south.

Mrs. Lora Wallace Dies at Eldorado

Mrs. Lora E. Wallace, 83, widow of W. M. Wallace of Wason, died Saturday at 11:30 p. m. at the Eldorado nursing home. She was preceded in death by her husband on Jan. 22, 1941.

Mrs. Wallace is survived by a son, Odus Wallace, Eldorado RFD 3, and three daughters, Mrs. Chloe Bramlet, Eldorado, Mrs. Rex Karnes, Golconda, and Mrs. Earle Whitler, Denver, Colo. She also is survived by eight grandchildren and 12 great-grandchildren.

The funeral will be held Tuesday at 2 p. m. at Wason Social Brethren church, with Rev. Elmer Grisham officiating, assisted by Rev. Norman Cozart. Burial will be in Bethesda cemetery in Pope county following short services at 4 p. m. in the Bethesda church adjoining the cemetery.

The body lies in state at the Martin funeral home.

Dr. W. L. Cummins Reappointed To Methodist Church 10th Year

Dr. Maurice L. Winn Begins Third Year as Sup't

Dr. W. L. Cummins is starting his tenth year as minister of the First Methodist church of Harrisburg and Dr. Maurice L. Winn is beginning his third year as superintendent of the Harrisburg district as a result of appointments announced yesterday during the 106th session of the Southern Illinois Conference of the Methodist church at Carbondale.

Raymond Beck remains at Dorris Heights.

Appointment changes in this area include the following:
At Buena Vista Methodist, Louis Frick replaces George Jenkins, who will go to Mt. Moriah-Lone Oak. Irwin Braden, who has pastored Mt. Moriah-Lone Oak, is going to Reevesville.

SIGN OF UNREST—Mrs. Liu Chi Jan, widow of the Chinese shot and killed as a "peeping Tom" by an American Army sergeant in Formosa, stands her ground outside the United States Embassy in Taipei as police try to persuade her to leave. Acquittal of Sgt. Robert G. Reynolds by court-martial touched off serious rioting during which at least a dozen Americans were injured and the Embassy building and other American properties were wrecked. Sign reads: "The killer—Reynolds—is innocent? Protest against U. S. Court-Martial's Unfair, Unjust Decision."

Japan Determined to Try Girard; Civilian Asks Asylum from Military

TOKYO (AP)—A Japanese district court today named three judges for the manslaughter trial of U. S. Army SSG William S. Girard of Ottawa, Ill., in a move that showed Japanese determination to override any American opposition to a Japanese trial.

At the same time the U. S. Embassy refused to help Josiah Bixler of La Grange, Ill., an American civilian who appealed for "immediate asylum" from U. S. military authorities. The Army is holding him prisoner on charges of car selling irregularities and Bixler demanded a trial by a Japanese court.

The embassy said an investigation showed Bixler still was under jurisdiction of the Army and that "no question of asylum arises."

Girard became the storm center of a U. S.-Japanese controversy when he fired an empty cartridge shell into a group of Japanese on the Camp Weir firing range Jan. 30 and killed a Japanese woman, Mrs. Naka Sakai. She was one of a group of Japanese picking up

empty cartridges on the range.

Hirohide Ishida, chief cabinet secretary and government spokesman, announced Japan's decision to go ahead and try the 21-year-old American soldier. He made the statement when asked about U. S. Defense Secretary Charles Wilson's order to the Far East Command not to turn over Girard to a Japanese court pending a "complete review" of the case.

The Japanese government spokesman said opposition in the United States to Girard's trial by a Japanese court stemmed from "misunderstanding." He said one of the main purposes of Prime Minister Nobusuke Kishi's visit to the United States is to remove the causes for such misunderstandings.

The Bixler case was almost a direct opposite from the Girard case. Bixler is a former civilian employee of the U. S. Army's Japan procurement agency in Yokohama. He resigned from Army service May 1 and was arrested by U. S. military police May 17 on charges of bringing in an automobile for a Japanese while he was an Army employee.

His attorney, who asked not to be identified, said he was "in the process" of asking Illinois Sen. Paul Douglas for assistance.

The attorney said Bixler was not within Army jurisdiction when he was arrested and that he should be tried by a Japanese court if any crime were committed. Bixler currently is under house arrest in Yokohama.

Flora Man Bound Over to Grand Jury For Fatal Accident

OLNEY, Ill.—Robert Duke, 45, Flora, has been bound over to a grand jury in connection with a highway accident on Jan. 6, 1951, in which a young mother and her 3-year-old daughter were killed. Duke was held for the grand jury by Justice of the Peace Allen Welker after a preliminary hearing at Olney Saturday. Duke has been charged with involuntary manslaughter and was held in lieu of \$2,500 bond.

Authorities said Mrs. Wanda Huffman, Noble, and her daughter, Dixie, were killed near Olney when another car was passing the one in which they were passengers and forced it into a bridge abutment. The driver of the other car was never definitely identified. In the car with Mrs. Huffman and her daughter were her parents Mr. and Mrs. Blaine Williams, also of Noble.

Richland County authorities reopened the case several weeks ago after receiving a tip. Mrs. Williams filed charges against Duke last April 12.

Total Weekend Fatalities At Least 25

Two-Car Crash Near Benson Wipes Out Two Families

By United Press

The worst traffic accident in Illinois history killed 11 persons and the total weekend fatalities in the state soared to at least 25.

The two-car crash near Benson Saturday night wiped out two families. How it happened was a mystery.

The victims were Mr. and Mrs. James Block of Streator and their four children, and Dr. George Van Steenberg, his wife and three children, of Bloomington.

A state patrolman reported both cars apparently were going in the same direction and said it was possible a third car might have been involved.

Mrs. John Wagner, who lives on a nearby farm, described the flames that enveloped the Block car when it swerved into a culvert. The Van Steenberg car was demolished. But she said she was too far away to see what occurred.

Seek Other Witnesses

Authorities today sought other possible witnesses to the tragedy that occurred on Ill. 116 near Benson, about 25 miles northeast of Peoria.

National Safety Council president Ned H. Dearborn said the accident was "a horrible example of the steady toll that the highway takes hour after hour and day after day if vigilance by the motorists is relaxed for a second."

The council said the accident was Illinois' worst. The nation's worst two-car crash took 13 lives at Slayton, Minn., in 1940.

An inquest was set for Friday at Minook into the deaths of Block. He, his wife Verna Mae, 24, and their children, Peggy, 4, Gloria, 3, Debra, 2, and James Jr., 3 months; and Van Steenberg, 37, a dentist, his wife Helen Nancy, 33, and their children, George Dennis, 11, Janice, 4, and Julia, 3.

Forecast 17 Holiday Deaths
The total of at least 25 fatalities in Illinois this weekend was more than double the count of 12 last weekend.

The shocking possibility that another 17 lives would be lost in Memorial Day traffic in Illinois Thursday was raised in the predictions of the Chicago Motor Club.

At least five victims on this weekend's traffic death list were pedestrians.

Mrs. Frances M. Dean, 72, a nurse, and Beatrice Jewell, 38, a nurse's aide, both of Evanston, were killed Sunday night as they left St. Francis Hospital in Evanston. John M. Phillips, 29, Evanston, was charged with reckless homicide and drunken driving.

Sharon Jean Dearth, 14, Rockford, was killed by a hit-and-run driver Saturday. William J. Mensching, 79, North Lake, was killed in the western Chicago suburb of Stone Park and George W. Kinney, 22, Bellwood,

Rites at Ridgway for Kenneth Ray Vineyard, Fatally Injured in Texas

Kenneth Ray Vineyard, 28, formerly of Ridgway, who met death in high traffic accident at Odessa, Tex., last Friday, was buried today at Lendale Memorial Gardens, near Eldorado. His funeral was held at Ridgway Methodist church at 2 p. m. today. The body was returned to Illinois and lay in state Sunday at the home of his sister, Mrs. Bertis Foster, Metropolis. He was a son of Ray Vineyard, Ridgway. His mother resided with him in Texas.

Those Nuclear Tests

Editorial — By BRUCE BLOSSAT
Anyone can appreciate the deep
concern felt by the Japanese over
the problem of radioactive fallout
from nuclear experiments con-
ducted by the United States and the
Soviet Union.

When Russia tests a nuclear de-
vice, our information is that it
generally happens in the Siberian
wastes where winds can easily
carry some of the fission by-prod-
ucts over the vulnerable Japanese
islands.

When we test atomic or hydrogen
mechanisms in the Pacific, the
tricky winds also can on occasion
take radioactive substances west-
ward toward Japan. There would
seem to be somewhat less danger
from American tests in the Nevada
desert.

Nevertheless the Japanese for-
mally requested this government
not to conduct its scheduled 1957
tests in Nevada, and we have now
sympathetically, but firmly, turned
down that request.

Our principal reason had to be,
as always of course, the fact that
the Soviet Union is not canceling
its own experiments. So long as
this is the case we dare not cease
testing. For in this complex field,
constant experiment is vital to the
maintenance of our nuclear
lead over the Russians—a lead
which most free men acknowledge
is the chief deterrent to war.

In addition, we can assure the
Japanese in all honesty that this
year's tests will feature exclusi-
vely "low-yield fission devices" which
will not add significantly to radia-
tion levels throughout the world.

As a matter of fact, our con-
centration in the last two years
has been upon devices which would
accomplish the destructive pur-
poses of war while minimizing the
dangerous fall-out accompaniment.
Much progress already has been
made in that direction and much
more can perhaps be expected in
1957.

Above and beyond this consid-
eration, we have told the Japanese
that all tests will be undertaken
only after "extreme safety mea-
sures" and in the most favorable
weather conditions.

Until the Kremlin comes up with
a sincere and genuinely practical
nuclear disarmament proposal
which will safeguard all free men,
there is hardly anything else we
can tell the Japanese or anyone at
all on this subject.

Rural Mail-Box Improvement Program For Two Weeks Starting on June 3

Postmaster General Arthur E. Summerfield called attention to-
day to the annual Rural Mail Box
improvement program to be ob-
served two weeks starting June 3.

The program this year has been
broadened to include boxes on cer-
tain types of suburban "mounted"
routes where the householder's box
is close to the curb and is served
by a carrier mounted on a vehicle.

Here are some points that will
be stressed during the Rural Mail
Box improvement program this
year:

- Where boxes are improperly
erected or in unserviceable con-
dition, patrons will be encouraged
to provide suitable receptacles,
erected and maintained for easy
and safe accessibility, presenting
a neat appearance, and affording
protection to the mail.
- Box holders will be urged to
paint their boxes and box supports
where needed.
- Box owners will be urged to
inscribe their names clearly on
that side of the box which is clear-
ly visible to the carrier as he ap-
proaches, if they have not already
done so.
- Postmasters and rural car-
riers will enlist the cooperation of
patrons to group boxes together at
one site along the road wherever
practicable.
- Box holders will be asked
to make sure boxes are located
on the proper side of the road.
The proper side of the road for
the box is on the right hand side

of the road in the direction the
carrier drives when covering his
route, unless the locality is such
that it does not present a hazard
or a violation of law for the car-
rier to cross to the left side of the
road to make the delivery.

On "mounted" routes approved
rural boxes need not be provided
but they must be of a "rural"
type,—that is they must be a type
located at the curb line, and erect-
ed so that the bottom of the box
will be 3½ to 4 feet above the
roadway. Also, of course, they
should provide proper protection
for the mail against the weather.

Mr. Summerfield noted that pro-
grams such as Rural Mail Box

improvement program "have been
of tremendous benefit in assuring
safe delivery of the mails, and in
helping to beautify rural America."

To show what progress has been
made, Mr. Summerfield called at-
tention to a Post Office Depart-
ment report of 1899—when some
of the first efforts were being made
by postal authorities to improve
rural mail boxes. The report stat-
ed, "extreme carelessness was
manifested . . . tomato cans, cigar
boxes, drainage pipes unended,
soap boxes and even sections of
discarded stovepipes were used as
mail boxes . . ."

Harrisburg Postmaster A. M.
Hetherington stated today that pa-
trons of the Harrisburg post of-
fice had been very cooperative
in past years during the annual
Rural Mail Box Improvement Pro-
gram and he was sure there would

Mr. and Mrs. W. B. Riegel Attend Pontiac Wedding

Mr. and Mrs. W. B. Riegel returned Wednesday from a vacation in Michigan and Indiana. They visited with relatives and friends and while in Pontiac Mich., attended the wedding of Miss Nila Jean LeMonde, daughter of Mr. and Mrs. Niles LeMonde, former residents of this community, to William Edward Golladay, in the St. Paul Lutheran church.

Mr. and Mrs. Riegel visited in the home of Mr. and Mrs. Louie Cash of Terre Haute, Ind., en route to Pontiac.

Dr. and Mrs. G. B. Hart, who have been vacationing in Hot Springs, Ark., for the past three weeks, returned to their home, Sunday.

Galatia High School Notes

Mother-Daughter Banquet By FHA

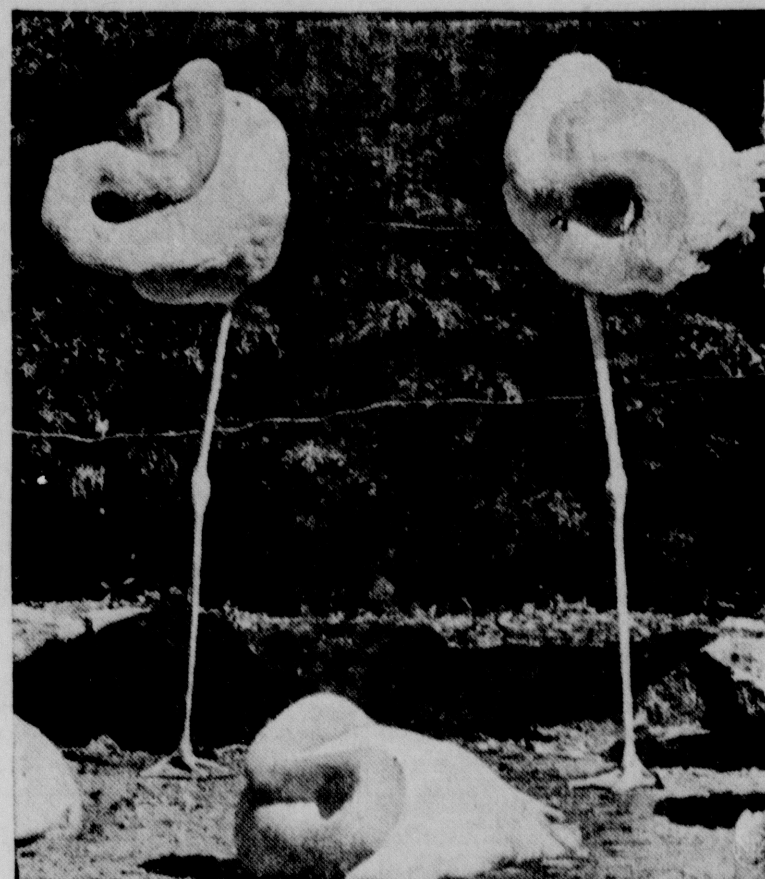

On Friday evening, May 10, the F. H. A. girls at Galatia high school held their annual Mother-Daughter banquet. Tables were beautifully decorated with candles, roses, and greenery, and soft background music set the stage for a lovely evening. Entertainment following the banquet consisted of group singing, musical numbers, and two skits, "The Haunted House" and "To Tell the Truth."

Following the program, new officers were installed and gifts of appreciation were presented to Mrs. Sibyle Peyton and Mrs. Maxine Malone, chapter mothers, and Miss Norma Lowry, F. H. A. adviser.

To Operate Two Daytime Camps for Mentally Retarded Children in Area

CARBONDALE, Ill. — Two day-time camps for mentally handicapped children in Southern Illinois will be operated again this summer under the sponsorship of the Egyptian Association for Mentally Retarded Children, according to Peyton Kuncie, Murphysboro, president.

In addition, overnight camping—never before attempted by the association—will be conducted at Giant City State Park on an experimental basis, Kuncie said.

As in the past two summers, Southern Illinois University students will be counselors. Dan Rainey, special education teacher at Wood River, will direct the camps. He formerly taught handicapped children at West Frankfort.

A three-week day camp at West Frankfort City Park will begin June 24, continuing through July 12. Transportation will be arranged through the schools in order that mentally retarded children in Franklin and surrounding counties

may attend these day sessions Kuncie said.

Four weeks of day camping at Giant City State Park will begin July 15, closing Aug. 9. Transportation will be provided for eligible children within easy commuting distance from the state park.

During the last two weeks, a selected group of handicapped campers will be allowed to stay overnight. Information gained from the experiment will be used in planning a more extensive overnight camping program next year, according to the Association president.

Both day camps will feature handicrafts, hiking, fishing, swimming, and other summer sports. Parents interested in enrolling their children in either camp should ask their school superintendent for application blanks, Kuncie said. Further information may be obtained from the Association office in Carbondale (821 S. University) or from William H. Freeberg, SIU camp director.

LINDA ROACH, Murphysboro, receives some ball handling pointers from counselor Beverly Field, Southern Illinois University junior from Grand Tower, at a day camp sponsored by the Egyptian Association for Mentally Retarded Children. Two camps will be conducted by the Association again this summer — from June 24 to July 12 at West Frankfort City Park and from July 15 to Aug. 9 at Giant City State Park. SIU students will serve as counselors. (SIU Photo Service)

Stratton Sees Favorable Coal Trend in Illinois

WEST FRANKFORT, Ill. (UP) — Gov. William G. Stratton cited encouraging trends for Illinois coal industries in an address to the National Mine Rescue Assn. Saturday.

Stratton said Illinois coal consumption for production of electrical power increased from 12 million to 17 million tons between 1956 and 1957.

Stratton also pointed out that experts say it will be some 50 years before atomic reactors can be built to compete with coal-fired generators in the production of power.

The governor said research in state geological laboratories is opening an entire new field for Illinois coal in which a blend of native and eastern coal is used to create metallurgical coal.

A million tons a year is presently used for this purpose in Illinois and a higher figure is estimated for the near future, Stratton said.

Stratton praised the work of the rescue association and said, "because of the work of your organization and the drive for safety within our own Department of Mines and Minerals, we have a new era of safe conduct in Illinois coal mining."

Stratton said, "No consideration should be placed above the requirement of sane mine safety."

Palmer, Parr to Show Lake Project Maps Over WSIL Tonight

Glen Palmer, director of the State Department of Conservation, and Sam Parr, assistant director, will appear on WSIL tonight on the Visiting Southern Illinois program. A map will be shown which will show proposed lake projects in southeastern Illinois.

They will be accompanied by Geoffrey Hughes, executive secretary of Southern Illinois Inc.

The SII will meet with the Carrier Mills Lions club tonight along with civic groups from Saline county, and a regular board of directors meeting of the SII will be held at that time.

Charles Broadway of Pope County, Guard At Menard Prison, Dies

Funeral services were held today at 2 p. m. at Golconda for Charles Broadway, 65, guard at Southern Illinois Penitentiary at Menard, who died very suddenly Saturday at noon, while he and his wife, Alice, were at their farm home in Pope county for the week end. Burial was at Sulphur Springs cemetery, the Rev. Henry Barger conducting the funeral service.

Mickey Cohen Rejects Part In ABC Apology

LOS ANGELES (UP) — Mickey Cohen, former gambler turned florist, refused today to be associated with a broadcast nationwide apology by the American Broadcasting Co. for remarks made on the Mike Wallace interview on May 19.

ABC announced over its television network Sunday night, that it "retracts and withdraws in full all statements" made on the Mike Wallace program on May 19 concerning the Los Angeles city government and several individuals in that city.

Oliver Treyz, vice president in charge of the TV network, read the retraction just before the start of Wallace's program Sunday night.

On the May 19 program Cohen, former West Coast gambler, made derogatory remarks about the Los Angeles city government, Police Chief William H. Parker, Cant. James Hamilton of the department intelligence squad, former Mayor Fletcher Bowron and former Police Chief Clarence B. Horrall.

Cohen sent telegrams to local newspapers Sunday in which he disassociated himself from the apology.

"Any retractions made by persons in regard to the television show I appeared on with Mike Wallace on the ABC network do not go for me," Cohen said.

Rossellini Checks Out of Hotel in Bombay

BOMBAY, India (UP) — Roberto Rossellini secretly checked out of the Taj Mahal Hotel Sunday night aided by members of the hotel staff who traded punches with newsmen trying to report his departure.

Mrs. Sonali Das Gupta, 27-year-old Indian film script writer who is reported to have left her husband for love of the 51-year-old Italian movie director, remained in the room she has occupied next to Rossellini's.

A check with the airport showed Rossellini had not left the city by plane. But police confirmed the government has declined to extend his visa and he is expected to leave India within a week.

When Rossellini flew in from New Delhi earlier Sunday he again denied he is on anything other than good terms with his wife, Ingrid Bergman. Asked if he also denied the reports linking his name with Sonali, he snapped "Yes, I deny everything."

Meanwhile, an Indian film starlet named Neelam reported she dated Rossellini when he first arrived in Bombay. She said she left in a hurry when the atmosphere in his hotel room became "too intimate."

A collision between a car and a freight train near Peoria Friday night killed Joyce Crowl, 19, Creve Coeur, and Robert Barnewold, 25, Peoria.

Mac Balent, 62, Streator, was killed near Streator Friday night when his car rammed a tractor.

Ned Louis Reed, 40, Chicago, was killed at De Kalb Saturday when his car hit a tree.

John O'Brien, 19, a sophomore basketball star for Loyola of Chicago, died of injuries suffered in a two-car collision Saturday in Maywood, a Chicago suburb.

Three persons were killed in a two-car crash on a bridge between Peoria and East Peoria over the Illinois River Sunday night. Mrs. Arva Hockenberry, 40, and her daughter Marilyn, 6, Toulon, and Gerald B. Tuttle, 24, East Peoria, were the victims.

House GOP to Fight for Part Of Defense Cut

WASHINGTON (UP) — House Republican leaders agreed today to fight for restoration of about 300 million dollars of \$2,587,000,000 cut in President Eisenhower's defense funds.

In so doing, they conceded they have no chance of restoring the \$1,200,000,000 Eisenhower has said he must have.

"We've got to face reality," said GOP Leader Joseph W. Martin Jr. (Mass.).

The decision was reached at a 90-minute closed session of the House Republican Policy Committee, a 30-man group comprising GOP leaders and key Republican members from all regions.

In effect, it means the administration will have to make its main fight in the Senate to head off what the President believes to be crippling cuts in his 36-billion-dollar defense request.

The House Appropriations Committee recommended a \$33,511,000,000 appropriation to run the Army, Navy and Air Force in the 12 months starting July 1. This was \$2,587,000,000 less than the President wanted.

Martin declined to say exactly how the GOP amendments to increase the funds would be drawn except to say that each of the three services would be affected.

Rep. John Taber (R-N. Y.), ranking GOP member of the Appropriations Committee said the Air Force would get the bigger share of the 300 million dollars.

Speaker Sam Rayburn (Tex.) said he will stick with the committee's recommendation. There were indications that most other Democrats will, too.

Repair Breakdown In Family Life, Evangelist Urges

NEW YORK (UP) — Evangelist Billy Graham implored American husbands and wives Sunday night to turn to God in an effort to repair a breakdown of American family life.

Speaking before a capacity crowd of 18,500 persons at Madison Square Garden, Graham said there was "something desperately and tragically wrong with the American home" which he characterized as the "basic unit of civilized society."

Using marriage as his theme, the 38-year-old evangelist deplored the nation's divorce rate, which he said had "orphanded" some 750,000 children in America last year.

If marriage is to be successful, Graham said, "there must be a spirit of give and take . . . because marriage is a permanent relationship."

Following his sermon, 574 persons made "decisions for Christ," bringing to 7,931 the number that has stepped forward at Graham's urging since his New York crusade opened May 14. So far, more than 200,000 persons have attended the sermons.

How to leave your family a Deed instead of a Debt

Whether you are already paying on a mortgage or just undertaking the purchase of a home, there is an important question which you should face: would your wife and children have a home "free and clear" if something should happen to you?

The answer to this question is as near as your phone. Your Metropolitan Representative can work out a specific solution to fit your needs and your income.

For instance, a Metropolitan Mortgage Term Plan is designed to cover the usual type of home mortgage which decreases each year as payments on the principal are made. The face amount of the Mortgage Term Plan decreases in the same proportion, so that your level premium is relatively inexpensive.

A more satisfactory plan for many men is a Metropolitan Whole Life Policy. This is permanent insurance which not only assures that funds will be available for payment of the mortgage in the event of death, but also builds cash and loan values which may be used to take care of mortgage payments in the event of illness or emergency. Because the face value does not decrease, it can be used for continuing protection for you and your family after the mortgage is paid off.

Whatever plan your Metropolitan Representative suggests, you can be sure that it will be specifically designed to meet your present and future needs.

We suggest that you call him today and let him help you set the wheels in motion to help protect the continued ownership of your home by your family. He will welcome the opportunity to show that . . .

Metropolitan service is as local as Main Street . . . as close as your phone

Baby Boom Still On

Statistics Prove Younger Set Turning to Marriage, Home, Family

By DOC QUIGG
That's a trend that ought to confound those who habitually peer with alarm into the dark doings of American humanity. It's hard to see how anyone could read anything ominous into young folks' trending toward getting married and raising a family. Except, perhaps, for those who

The Daily Register, Harrisburg, Illinois
Page Eight

worry about how we're going to feed the bumper crop of babies sure to come from the present bumper crop of babies. The baby boom is still on. The number of births in the United States has reached a new high in each of the last six years.

The 1956 birth figure is 4,200,000. In 1940, it was 2,560,000. The fact marriage is becoming increasingly popular among the younger set comes from the Metropolitan Life Insurance Co., an outfit which has no axes to grind on the subject except the ones that keep its statistics sharp.

The Metropolitan Life figures show that the median age for first marriages now stands at 23 years for men, 20 years for women. That is a decline in age by one and one-third years since World War II.

There are now 1 1/2 times as many married men under 25 years of age as there were in 1940. In more than half of the families which had a baby during 1955, the husband was under 30.

You can reach your own conclusions on the basis of that last statistic. The one which occurs to me is that being a papa is an estate conducive more to keeping a young fellow around home doing his papa's duties than to keeping him hanging around a street corner looking for trouble.

The baby boom itself now is showing a new trend. That is in the direction of third and fourth additions to the family.

The boom was incidental to World War II and its aftermath, and according to the Metropolitan statisticians "the earlier phase was characterized by a sharp rise in first and second births." They add:

"More recently, the boom has been sustained by unusually large numbers of children born in established families. Last year there was a record total of about 1,300,000 third and fourth children born in our country. These babies comprised almost one-third of the total—a higher proportion than for any year since World War I."

Thinking It Over

E. Robert Dieffenbacher, D.D.
(Written for NEA Service)

How deep is the sea? Perhaps a mile or 20,000 leagues. Possibly it is only as deep as a man or a rock or a fathom. The depth of the ocean is less important than its turbulence, its currents and its hidden dangers.

The surface may be blue or green in color. It may be clear or foamy crested white. It may be full of seaweed or it may be alive with sharks or squids. From the depths of the ocean come food and chemicals. Life and death exist in its bosom. The sea is mysterious and fearful, yet beautiful and powerful.

Man cannot tame the sea nor can he be its master. He fears it as he snatches treasure from its recesses. He travels over its surface and finds himself lured by its challenging song.

God alone is the master of the sea. He is mysterious, powerful and to be feared. Yet God differs from the sea in being a spirit, loving, forgiving and saving rather than destroying.

Gov. Stratton Running Into Slight Legislative Opposition

By RAYMOND R. COFFEY
United Press Staff Correspondent

SPRINGFIELD — Gov. William G. Stratton is having things all his own way so far this legislative session, even with the sizable Democratic delegation in the House failing to stir up any serious opposition to the administration program.

The governor may run into more trouble in the final month of the session when he tries to push through his proposals for appointment of the state auditor and treasurer, judicial reform and other constitutional changes.

But so far major administration bills for an increase in the state police force, a 248-million-dollar building bond issue, a new department of financial institutions to prevent further Hodge scandals, and a speed limit law have sailed through the Legislature—with plenty of Democratic help. The speed limit bill will require another vote in both houses to ratify some amendments.

The 83 Democrats in the House—only six short of a majority—don't even seem inclined to buck the administration for political purposes.

Deny Any Deal Made

For example, a Republican representative recently tried in committee to slash the appropriations for a new Cadillac and traveling expenses of Lt. Gov. John W. Chapman. With a half dozen or

more Democrats in the committee room, the Republican could not even get a second for his motion.

Also, Rep. Paul F. Elward (D-Chicago), who has been conducting a futile one-man drive to slash all appropriations has not been able to muster more than a dozen supporting votes.

The state police increase bill passed only after Democratic Minority Leader Joseph L. De La Cour, Chicago, requested a recess for a caucus, marched his delegation out, and brought them back in 10 minutes solidly behind the bill which then passed, 138-28.

Leaders in both parties denied any "deal" between Stratton and Chicago Mayor Richard J. Daley on the bill, but some Democrats freely admitted they had been "instructed" to vote for the bill.

In any case, this involved only the state police increase bill. The speed limit bill sailed through the House with only 26 votes against it. There were only 12 votes against the bond issue bill.

Some Trouble Ahead

The Hodge scandal reform bill for a new department of financial institutions also gained near unanimous support.

First indication that Stratton can expect more trouble with his program in the final month of the session, however, came in the past week.

The House Executive Committee voted against the proposal to abolish the elective office of treasurer and make it appointive under the governor.

Also, Rep. Kenneth E. Wendt (D-Chicago) served notice he will seek to add 50 million dollars to Stratton's 225-million-dollar budget for state school aid when the program comes to the floor.

Opposition also has been expressed to Stratton's plan for annual legislative session, instead of the present system of meeting every two years. Several members, many of them Republicans, say the annual sessions' proposal cannot pass the Legislature unless there is some concession for the legislators who will have to work twice as often. One such concession, they say, would be four year terms for representatives instead of the present two year terms.

Leading Heart Specialist Warns You Can Eat Your Way Into Coronary Case

By LOUIS CASSEL
United Press Staff Correspondent
WASHINGTON (AP)—You can eat your way into a coronary, a leading heart specialist said today, with "any kind of diet that contains too many calories."

It's getting fat, and not merely eating fat, that builds up the cholesterol deposits on the walls of your arteries and invites coronary heart disease, said Dr. Simon Dack, retiring president of the American College of Cardiology.

Dack, a cardiologist at New York's Mount Sinai Hospital and editor of the American Journal of Cardiology, acknowledged in an interview that laymen have every right to be "confused" by the conflicting statements that have emanated from medical researchers recently about the relation between diet and heart trouble.

"Doctors get confused too," he said. "We are in a situation where knowledge is advancing and interpretations are changing so rapidly that it is difficult to make dogmatic statements about the precise effects of various kinds of foods."

But you don't have to wait until medical scientists reach 100 per cent agreement before you start eating sensibly, he said.
Doctors Don't Agree

"There is definite evidence that plain overeating — taking in too many calories of all types and gaining weight — is a very important factor in increasing your chances of coronary heart disease."

Heart disease now is the major cause of death in this country. It claims more than 800,000 victims a year. While there are many types of heart disease, one of the most prevalent is atherosclerosis, a narrowing of the walls of the arteries which may lead to coronary thrombosis, high blood pressure, strokes and other grave illnesses.

In recent years, many scientists have concluded that a primary cause of atherosclerosis is the accumulation in the walls of the arteries of undigested particles of cholesterol. This is a fatty substance which is found in many foods and which also is produced in the body itself by the liver and other organs.

Some doctors have put patients

on stringent low-fat diets in an effort to curb cholesterol intake. Others regard low-fat dieting as a fad for which there is no sound scientific basis.

Even among the authorities who accept the proposition that high cholesterol intake is a main cause of atherosclerosis, there is sharp division about which types of fat are most harmful.

Dack, for example, does not believe there is "any validity" to the widely publicized theory that vegetable fats (such as oleomargarine) are "safer" than animal fats (such as butter). He does believe that vegetable and fish oils are somewhat preferable to the so-called "saturated" fats which are solid at room temperature (butter, meat fat, lard).

Avoid Excess Calories

"From a purely practical point of view," he said, "the important thing to keep in mind is that the body can manufacture cholesterol out of any type of food, not merely out of fats."

"If you eat too much sugar, proteins and carbohydrates, you are asking for trouble even if you are consciously avoiding what you consider to be fatty foods."

Eliminating fat from the diet is "virtually impossible" anyway, he said.

"You get fat from the shortening in bread and cake. You get it in whole milk and the yolks of eggs. And even when you eat the leanest cut of beef you can find, the meat itself is 70 per cent fat."

What then is the specific advice he would give to a patient who came to him for guidance about diet?

"I would tell him to beware of excess calories, regardless of the type. A little undernourishment would do overfed Americans a lot of good."

He Suggests Diet

"I would tell him to broil his food instead of frying it; to trim all the fat from his meat before he eats it; to lay off rich desserts; to go easy on pure fats, such as butter, margarine and salad oils; to substitute fish or other seafoods (which are low in cholesterol) for meat at some meals; to eat a few eggs a week, which he needs for nutrition, but not to have two fried in butter every morning."

AGAINST A BACKDROP of a large Boy Scout poster Illinois State Governor Wm. G. Stratton confers with Ralph Bedwell, Carbondale, Director of the Small Business Institute at Southern Illinois University, on state-wide Boy Scout finance campaign plans. Gov. Stratton is chairman of the first coordinated Boy Scout campaign which will be kicked off over the entire state in all non-forest communities in October. Bedwell is president of the Egyptian Council.

Complete Trials For 500 Race

INDIANAPOLIS, Ind. (AP)—Pat Flaherty's qualification records remained intact today, but the two Novi pilots and 31 other daring drivers will attempt to make up for lost time in the 500-mile Memorial Day auto race.

None came close to the Chicagoan's 1956 marks of 146.036 and 145.596 m.p.h. for one and four laps respectively. However, the two powerful Novis served notice they will be among the top threats over the long haul by posting the best speeds during the week end.

Squad Paul Russo, Canoga Park, Calif., negotiated the 10-mile test at an average clip of 144.817 m.p.h. Saturday for the best overall showing. Tony Bettenhausen, his teammate from Tinley Park, Ill., was fastest Sunday at 142.439 m.p.h.

The late Bill Vukovich set the race record of 130.840 m.p.h. in 1954.

Despite the worst qualification weather in the postwar era, the time trials wound up on schedule late Sunday. Thirty-three of the 70 attempts were made on the final day.

Twenty-one cars completed their runs, but only 12 of them barged into the race day lineup. And the field's overall speed of 141.444 is more than a mile slower than last year's record average of 142.507. Rain, high winds and smaller engines made the difference.

Indiana, Michigan, Wisconsin Big Ten Spring Sports Kings

CHICAGO (AP)—Indiana, Michigan and Wisconsin were the Big Ten spring sports kings today. The Hoosiers dominated track and field, the Wolverines walked away with tennis honors and the Badgers were the golf masters.

Individual honors went to Olympic track champs Glenn Davis of Ohio State and Greg Bell of Indiana, Michigan's Davis Cup standout Barry MacKay and Purdue's pint-sized Joe Campbell who successfully defended his conference golf title with three blistering one-under-par rounds.

Bell and his fleet-footed teammate, Willie May, led Indiana to a 54-point runaway victory in the Big Ten's annual track meet Saturday at Northwestern's Dyche Stadium in suburban Evanston.

Michigan had the tennis title wrapped up even before it swept all three divisions of the doubles finals from runnerup Northwestern Saturday at Evanston and racked up a 78-point total.

Wisconsin's four-man golf team wound up play with an eight stroke advantage over second-place Iowa at Iowa City. The Badgers turned in a 1,512 team card total, the Hawkeyes a 1,520, while Michigan finished third with a 1,534, and Ohio State was a close fourth with a 1,536.

VFW Defeats Thompsonville In League Tilt

The Harrisburg VFW baseball team won its third straight Oil League baseball game when they clubbed out a 9-4 win over the Thompsonville Red Birds at Thompsonville Sunday afternoon. In an exhibition game following the league game Big John Romonosky tossed a three hitter for the VFW.

Raymond Tonazzi pitched the first 6 innings and allowed 2 hits and three runs in picking up his 2nd win of the season. Jack Fedeler pitched 2 and 1-3 innings and was touched for 3 hits and one run and Bill McNew retired the last two batters of the game.

Don Wallace led the stick men with 3 singles and a triple in 5 trips. Carl Griffith and Dick Romonosky had two hits each and Guley, Dallas, Hay, McNew and Tonazzi got the other hits. Clark led the losers with 2 singles and L. Harris, O. Harris and Melvin got the other hits.

The VFW scored all of its runs in the second game in the first inning when Griffith led off with a double, Miller singled, Romonosky was safe on a fielder's choice and Bob Dallas and Dick Romonosky hit back to back doubles.

Memorial day the locals will play the strong Murphysboro baseball team on VFW field and then Saturday will play the Uniontown, Kentucky Cardinals in a night game here and next Sunday will travel to Norris City to play a very important league game.

Braves Drop to Third as Cubs Sweep Two; Reds Beat Cardinals; Dodgers Win

By United Press
Rookie Dick Drott is making good for the Chicago Cubs but he couldn't be a bigger hero in his native Cincinnati today if he had just discovered a magic cure-all for Ted Kluszewski's aching back.

The 20-year-old Drott struck out a season single-game high of 13 batters Sunday to beat the Milwaukee Braves, 7-5, and the Cubs made it a clean sweep when Ernie Banks' ninth - inning single produced a 5-4 victory in the nightcap. Drott's performance came within two of Dizzy Dean's National League strikeout mark and within three of Bob Feller's major league record.

The two defeats were a bitter blow to the Braves, who dropped into third place as the front-running Redlegs downed the St. Louis Cardinals, 7-6, on pitcher Hal Jeffcoat's eighth-inning homer and Clem Labine's close - out relief pitching enabled the Brooklyn Dodgers to beat the New York Giants, 5-3, and take over second. The Philadelphia Phillies bounced back from a 13-5 loss to whip the Pittsburgh Pirates, 6-3, in the other N. L. games.

Retain First Place
The Chicago White Sox retained their three-game grip on first place in the American League when they split with the Cleveland Indians while the New York Yankees and Washington Senators divided their pair. Billy Pierce outdueled Bud Daley for a 1-0 White Sox victory before relief ace Ray Narleski stopped Chicago, 4-3, and

The Yankees downed the Senators, 7-6, after suffering a 9-7 setback. The Boston Red Sox swept the Baltimore Orioles, 9-0 and 5-4, and the Kansas City Athletics beat the Detroit Tigers, 3-1, in the other A. L. activity.

Drott, a slim fireballer, fanned Hank Aaron and Bill Bruton three times each and walked only one batter in his brilliant performance. The Cubs won the nightcap with a two-run ninth-inning rally capped by Banks' single to give them four wins in seven games with the Braves this season.

Jeffcoat's homer broke a 6-6 tie produced when Stan Musial hit his second homer of the game and the eighth grad slam of his career for the Cardinals.

Labine, making his 16th appearance of the campaign, got Willie Mays to line into a double play in the seventh inning and then kept the Giants at bay the rest of the way to preserve Sandy Koufax' third victory.

EPSTEIN'S "CHRIST"—One of the most modern pieces of religious art is "Christ in Majesty" shown after it was unveiled at the Cathedral in Cardiff, Wales. The work of sculptor Sir John Epstein, the elongated 16-foot-high piece is cast in shimmering aluminum. Epstein, 76, feared that he might not live to see the unveiling to the public, for the sculpture was hidden away in a crate for 18 months before being uncovered. He was in London when the unveiling finally took place.

the Disciples, a quartet of young men from West Frankfort, whose singing was greatly enjoyed. There were other group singings as well as several solo numbers, a trio, The Teen Tones, Misses Jodean McGhee, Brenda Millsbaugh and Judith Dempsey accompanied by Guy Malin at the piano. Following the morning worship service, the basket dinner, which is customarily served on the church lawn, was served inside the church building due to the inclement weather.

WOMEN'S BIBLE CLASS MET IN WHITE HOME

The Women's Bible Class of the First Presbyterian church of Equality met Friday, May 17, with Mrs. I. E. White as hostess.

The meeting was opened by the president, Mrs. M. C. Mangis, with all singing the class song, "Living for Jesus," followed by prayer given by Mrs. I. E. White. Roll call was answered with a Bible verse. The minutes of the last meeting were read and approved.

During the business session a motion was made and seconded to send \$5.00 to The American Bible Society, for distribution of Bibles to the Hungarian refugees.

Mrs. Thad McIntire was leader for the book of Proverbs and gave an interesting sketch of Solomon's life. After a brief discussion the meeting closed with the mizpah benediction.

The hostess served lovely refreshments to the nine members present.

The next meeting will be Friday, September 20, with Mrs. Anna DuVall as hostess.

P. T. A. MEETS

The regular monthly Parent-Teachers Association meeting was held at the Equality Grade School on Wednesday, May 15, at 7:30 p. m. with president Genevieve Roe presiding.

After the P. T. A. prayer, pledge to the flag and singing of "America" a short business meeting was held.

The new officers for the ensuing year were then installed in a beautiful candlelight ceremony. Mrs. Genevieve Roe acting as installing officer installed Mrs. Ruth McMurty as president, Mrs. Flossie McGeehee, vice president; Mrs. Margaret Ann Hopson, secretary;

and Mrs. Mary Ann Bramlet, treasurer.

Another interesting and entertaining year is being planned by the new officers and program committee. Everyone is invited to attend these meetings.

For the September meeting Edwin H. McGraw is expected as guest to organize a Cub Scout or Boy Scout.

During the social hour Mrs. Mary Ann Bramlet and Mrs. Thelma Dempsey acted as hostesses and served ice cream, Cookies and coffee.

Floyd Coffee of Effingham, Mrs. John Thomas of Harrisburg, Mr. and Mrs. John C. Coffee of Shawneetown and the Ray Coffee family of this city were dinner guests of Mrs. Josie Coffee and daughter, Mrs. Ada Mundy, on Mother's Day.
